Re: Joint Public Hearing on New York State's Live Event Ticket Industry

Dear Senators Skoufis and Kaplan:

I'm writing to you regarding the above-referenced matter and as Chairs of the New York State Senate's Committee on Investigations and Government Operations ("IGO") and Committee on Commerce, Economic Development and Small Business. The Buffalo Bills appreciate the opportunity for the afforded dialogue on the issue of live event ticketing.

In advance of your planned hearing on this subject last year, we submitted extensive written responses to a series of detailed and diverse questions relating to the live event ticketing industry (a copy of which is attached for your convenience and reference).

Additionally, on April 6, 2021, it was our pleasure to have a thorough and thoughtful discussion with Evan Gallo, Chief of Investigations & Counsel for the Senate Committee on Investigations and Government Operations, in which we covered a wide range of topics and provided pertinent information and relevant subject matter feedback to Mr. Gallo on live event ticketing.

We hope that the information we have provided is of assistance in your review of live event ticketing. On behalf of the Buffalo Bills organization, we thank you for the important work of your Committees, allowing for our participation and for your service to the State of New York. Go Bills!

Very truly yours,

DocuSigned by:
