New York State Budget Provides for Huge Investments in Housing

Direct Capital Investments and Expenditures Total \$8 Billion for Development, Maintenance, and Reinvestment in Housing, COVID-19 Rent and Utility Relief, Legal Services to Prevent Evictions and Foreclosures

(Albany, NY) Today, **Senator Brian Kavanagh, Chair of the Senate Committee on Housing, Construction and Community Development** announced details of the New York State Adopted Budget, which would provide \$5.5 billion in capital investments and \$2.5 billion in other expenditures for housing and related services, for a total of \$8 billion benefitting renters, homeowners, and homeless New Yorkers. The overall impact of these direct investments will be supplemented by State and Federal tax credits that also subsidize affordable housing.

Senator Kavanagh said: “For the second year in a row, we have passed a budget that includes enormous new housing investments to mitigate the hardships New Yorkers have endured during the COVID-19 pandemic and to move our state toward ensuring that no New Yorker is denied the right to a secure, stable, affordable home. I thank all the community organizations, advocates for tenants, homeowners, and those experiencing homelessness, and affordable housing providers who joined us in pushing for the strongest possible response to the particular challenges of the pandemic and to the longer-term housing needs of New Yorkers. I thank Senate Majority Leader Andrea Stewart-Cousins, Finance Chair Liz Krueger, Social Services Chair Roxanne Persaud, all of our colleagues in the Senate Majority, and our extraordinarily dedicated Senate staff, as well as Governor Kathy Hochul and Housing Commissioner Ruth Anne Visnauskas, Speaker Carl Heastie, Assembly Housing Chair Steven Cymbrowitz, and our partners in the State Assembly.

“While there is much to celebrate, I am disappointed we fell short of meeting the needs of New Yorkers experiencing homelessness or facing imminent loss of housing, by failing to include the **Housing Access**

Voucher Program supported by both the Senate and the Assembly at \$250 million. I will continue to fight for this critical program and other resources for housing and related services, until we have ended the eviction and homelessness crises throughout our state.”

The adopted budget includes the following capital and expense allocations.
